

MANY CAUGHT IN WRECK WERE BURNED TO DEATH OR SERIOUSLY INJURED

Fifteen Persons Lost Their Lives on the Pacific Railroad Near Onawa, Me., When Freight Train Telescoped Engine and Forward Cars of Passenger Train.

BODIES OF ELEVEN WERE TAKEN FROM THE WRECKAGE

The Injured Were Taken to a Hospital at Brownville Junction by a Special Train, Which Was Sent With Doctors and Nurses

Onawa, Me., Dec. 20.—Fifteen persons were killed or burned to death, including the engineers of both trains, and many sustained burns and injuries to-day when a freight train collided with a passenger train from St. Johns, N. B., loaded with steerage passengers from the steamship Empress of France, on the Canadian Pacific railway near here.

The freight train telescoped the engine and forward cars of the passenger train and the wreckage was burned.

The bodies of 11 persons have been removed from the wreckage and laid in a row on the snow-covered embankment awaiting possible identification. It was not certain whether all had been removed from the wreckage.

The passengers who were burned or injured are known to number 35. They were taken to a hospital at Brownville Junction by a special train, which was sent with doctors and nurses from that point.

The collision was understood to have been due to failure of the freight train, which was eastbound, to obey orders to stop at Bodfish, a small siding near here, but this was not confirmed.

The Bangor & Aroostook railroad, in response to a request for aid, dispatched a train from Greenville, carrying all the doctors and nurses who could be secured.

The Bangor & Aroostook is assisting in transportation of passengers on the Canadian Pacific between Greenville and Brownville Junction, while the track is blocked, conveying them by way of Derby.

The dead include four trainmen, the engineers and firemen of both trains. The passenger engineer was Fred Wilson and the freight engineer a man named Bagley, both residents of Brownville. The bodies of the two firemen were still in the burning pile of debris at noon.

Uninjured Passengers Turned Rescuers.
The engine and first two coaches, containing colored immigrants mostly, were telescoped by the freight train, many of the passengers being injured or killed outright in the crash. Others lost their lives or were seriously burned by the fire which ensued.

Passengers in the other coaches escaped before the flames spread to their cars and aided the trainmen in getting out the dead and injured. Some of the bodies were burned beyond recognition. The names of the dead immigrants were not known.

The collision was understood to have been due to a misunderstanding of orders. The freight train, in compliance with orders, waited on Bodfish siding, one mile west of here, until the first section of the special train had passed, then started for Brownville Junction.

Engineer Bagley either did not know of the second section, or forgot it, until he struck it about a mile beyond Bodfish siding.

Many of the 35 persons injured sustained broken arms or legs. They were cared for by doctors and nurses brought on relief trains dispatched from Greenville Junction and Brownville Junction, west and east of here, and as soon as all had been accounted for they were taken to the Railroad Young Men's Christian association building at Brownville Junction, which was converted into a temporary hospital.

Arrangements were made with undertakers at Mto to send 10 caskets by motor trucks to Brownville Junction, to be forwarded here by train.

OVERLOOKED THEIR ORDERS.

That Is Reason Officially Given for the C. P. R. R. Wreck.

Montreal, Dec. 20.—Fifteen persons were killed and 35 injured in the collision between a freight train and a passenger train near Onawa, Me., this morning, according to an official statement issued by the Canadian Pacific Railway company this morning.

The dead include four members of the train crews.

The statement says: "The collision appears to have been due to the men on the freight train overlooking their orders in connection with the Empress of France passenger special."

The statement special carried 300 passengers, according to telephone reports received here. The train crews came from Brownville, Maine. The injured were taken to a Y. M. C. A. building in Brownville, which was converted into a hospital.

"SOVIET" SHIP READY TO LEAVE AMERICA

Will Carry on Her Holiday Cruise a Greater Part of Several Hundred Radicals Held at Ellis Island.

New York, Dec. 20.—The government steamship Buford—"The Soviet ark"—is ready to leave New York for Soviet Russia. She will carry on her holiday cruise a greater part of several hundred radicals held for deportation at Ellis Island. Information was withheld concerning the exact hour of sailing, but it was intimated that the craft would weigh anchor to-night or to-morrow.

Many persons considered among the most dangerous of those charged with plotting to overthrow the United States government will be "guests" of this government for the cruise, despite their professions of willingness to pay their own way. Alexander Berkman and Emma Goldman's names are the most notable on the passenger list.

At least three "mystery trains" are bringing several hundred additional radicals here from various parts of the country. The movement of the trains is being kept secret and even the authorities are without information as to just when the "red flag" specials will arrive. One is coming from Buffalo, another from Pittsburgh and a third from Philadelphia.

In addition to the 66 reds on Ellis Island for whom deportation warrants already have been received, there are 69 more for whom warrants are expected during the next few days.

There are 350 more disturbers in jails scattered about the country awaiting transportation to New York and thence to Europe, it was said.

NO MESSAGE ON RAILROAD RETURN

Congress Will Go Home for the Christmas Holidays Without Hearing from Wilson.

Washington, D. C., Dec. 20.—Congress will go home for the Christmas holidays without hearing from President Wilson as to the time for the return of the railroads, it having been announced at the White House that no message would be sent to the Capitol to-day.

In some circles the opinion was held that the president's final decision would await action by Congress on the pending legislation.

PROMINENT CANADIAN.

Senator Auguste C. P. R. Landry Died at Quebec To-day.

Quebec, Dec. 20.—Senator Auguste C. P. R. Landry, a veteran member of the Quebec legislative assembly and speaker of the Senate in 1911, died to-day after a long illness. He was 74 years old. His son, Brigadier-General Landry, commands the fifth military district of Quebec.

CONCORD GRANITE CUTTERS

Elected John J. Scully President for Next Term.

Concord, N. H., Dec. 20.—John J. Scully was elected president of the local granite cutters' union last night, and George Phillips, vice-president; George Evans, secretary; Frank Parsons, financial secretary; John A. Fitzgerald, treasurer.

TIME BOMB DID DAMAGE

In Large Canning Factory But There Were No Casualties.

Vigo, Spain, Friday, Dec. 19.—Heavy damage was caused in a large canning factory here by the explosion of a time bomb to-day. There were no casualties.

The Function of Gold.

Gold stabilizes international as well as national trade and prices. The gold standard, nominally maintained throughout the war prevented greater financial and economic disturbances than actually existed. At the close of the war the United States held practically the entire world supply of gold. Absence of gold in the warring countries of Europe resulted in a depreciation of their paper money and a corresponding rise in prices. Gold, it appeared altogether in Europe, and its exportation from this country was prohibited. In fact, for years gold has seldom been seen in actual business transactions.

Nevertheless, the gold standard remained. Now that the embargo on gold exports is removed gold is being exported rapidly. Since last June \$322,985,000 in gold has been exported from this country—mostly to the Orient and countries which have a balance of trade against the United States. Settlements are made in gold. The same gold is used by the Orient to settle with other countries which have a balance of trade against the Orient. Thus gold is being restored to its natural function—the stabilizing of trade and prices. It will assist in restoring the purchasing power of the unit of money everywhere. It will bring back the English pound sterling, the French franc and the German mark. Likewise, it will assist in restoring the purchasing power of the American dollar. The gold standard, although only nominally preserved, has saved the world from far more serious difficulties than those experienced and will be a controlling factor in restoring normal times.—New York Herald.

FLAG AT HALF MAST.

For Two of Crew of Gloucester Fishing Schooner.

Halifax, Dec. 20.—The Gloucester fishing schooner Benjamin E. Smith arrived in port to-day with her flag at half mast for two of her crew who were lost in thick weather while fishing in their dory off Liscomb, N. S., Thursday. The men were Howard Penny and John Ernst. After a futile search the schooner proceeded. The sea grew very rough that night, and it was doubted that the dory could live in it.

HIGHER TEMPERATURE

May Be Expected Next Week, Says Weather Bureau.

Washington, D. C., Dec. 20.—Weather predictions for the north Atlantic states for the week beginning Monday, issued by the weather bureau to-day are:

Fair first part of week but will become unsettled after Wednesday, with probably snows and rains. Temperature will average considerably higher than during the week just passed.

SENATE VOTES SUGAR CONTROL

Adopted Compromise Measure To-day by Vote of 50 to 12

LIMITS LICENSING POWER TO JUNE 30

The Compromise Increased Authority of U. S. Equalization Board

Washington, D. C., Dec. 20.—Legislation continuing federal control of sugar through 1920, but limiting the licensing power of the United States sugar equalization board to the period ending next June 30 was completed to-day by Congress and sent to the White House.

NEW PEACE RESOLUTION PRESENTED BY KNOX

Retains for United States Any Material Benefits from Versailles Treaty and Affirms Government's General Support of Some Practical Plan for Peace League.

Washington, D. C., Dec. 20.—A new resolution to declare a state of peace, retain to the United States any material benefits provided for in the treaty of Versailles, and affirm the government's federal support of some practical plan for an international peace league, was laid before the foreign relations committee to-day by Senator Knox, Republican, Pennsylvania.

The resolution also would declare in general terms that the United States would continue its close relations with the allies. It was understood to have the support of several Republican leaders who sought to have the committee report it to-day in order that it might be brought before the Senate after the holidays as a basis for settlement of the whole treaty fight. The Democratic members indicated that they would oppose it.

The measure on which Senate action will be sought after the holiday recess is in the form of a joint resolution and would require that unless Germany concedes to the United States such material benefits as are contained in the treaty, commerce with Germany nationals could be prohibited by presidential proclamation.

The measure was submitted as a substitute for the concurrent resolution declaring a state of peace introduced some weeks ago by Senator Lodge, the committee chairman. A joint resolution requires the signature of the president, while Republican leaders have held that a concurrent resolution does not.

Both required a majority vote only of both Senate and House.

THE COTTON REPORT.

Showed That Prior to Dec. 13 It Was Less Than Last Year.

Washington, D. C., Dec. 20.—Cotton ginned prior to Dec. 13, the census bureau announced to-day, amounted to 9,402,320 running bales, including 103,926 round bales; 27,906 bales of American-Egyptian and 6,429 bales of Sea Island.

Ginning to Dec. 13 last year was 10,218,139 bales, including 130,984 round bales; 13,098 bales of American-Egyptian, and 31,228 bales of Sea Island.

Ginnings by states this year follows: Alabama, 658,231; Arizona, 40,846; Arkansas, 658,403; California, 35,577; Florida, 16,643; Georgia, 1,608,364; Louisiana, 281,049; Mississippi, 777,621; Missouri, 44,120; North Carolina, 755,315; Oklahoma, 483,825; South Carolina, 1,260,414; Tennessee, 219,598; Texas, 2,232,135; Virginia, 19,653; all other states, 3,526.

Ginnings of Sea Island by states: Florida, 2,704; Georgia 635; South Carolina, 3,001.

FLAG AT HALF MAST.

For Two of Crew of Gloucester Fishing Schooner.

Halifax, Dec. 20.—The Gloucester fishing schooner Benjamin E. Smith arrived in port to-day with her flag at half mast for two of her crew who were lost in thick weather while fishing in their dory off Liscomb, N. S., Thursday. The men were Howard Penny and John Ernst. After a futile search the schooner proceeded. The sea grew very rough that night, and it was doubted that the dory could live in it.

HIGHER TEMPERATURE

May Be Expected Next Week, Says Weather Bureau.

Washington, D. C., Dec. 20.—Weather predictions for the north Atlantic states for the week beginning Monday, issued by the weather bureau to-day are:

Fair first part of week but will become unsettled after Wednesday, with probably snows and rains. Temperature will average considerably higher than during the week just passed.

GIVE IRELAND LOCAL CONTROL

Similar to That Held by the States in the United States

OUTLINE OF PLAN IS FORECASTED

Premier Lloyd George's Announcement Is Expected to Be Conciliatory

London, Dec. 20.—The proposed Irish bill which Premier Lloyd George will outline in the House of Commons on Monday will, it is believed, forecast a government for Ireland analogous to the state governmental system in America. It is understood to provide for separate parliaments for Ulster and southern Ireland, respectively, with a superior body chosen by both sections, all of the bodies to be responsible regarding imperial affairs to the British Parliament, to which Irish representatives will be elected, as the states elect members to the American House of Representatives.

The idea will be to give a large amount of autonomy to each section of Ireland, with thoroughly easy machinery providing for their combination as soon as they desire to unite, the bill being intended to pave the road for elimination of the idea of the partition of Ireland. To a contrary sentiment it is indicated even greater power may be given than is proposed for the separate sections.

It is expected that the premier's announcement will be most conciliatory and comprehensive in outlining what he hopes will be an acceptable plan. The new scheme of government differs considerably from the plans previously discussed and carries concessions on various questions much further. The government, in framing the bill, is understood to have kept before it as primary points, first, that the secession of Ireland and the establishment of an independent Irish republic could not be tolerated, but that on the other hand, the present system of government could not be continued and that it was impossible to ignore the fact that there were two great sections of Ireland, each of whose claims must be considered.

The bill is understood to provide for granting the fullest possible freedom to the Irish legislature in administering their own affairs, with powers similar to those held by the states in America. When questions affecting the empire arise, they would come under the consideration of the imperial Parliament, in which Ireland would have a voice.

VISCOUNT FRENCH WAS MARKED MAN

He Was Considered by Sinn Fein to Be Stumbling Block to Their Progress.

Dublin, Dec. 20.—Government police are engaged in a search for the man who yesterday attempted to assassinate Viscount French, lord lieutenant of Ireland. Belief is expressed that evidence has been obtained that may result in the arrest of several of the men who planned and participated in the attack.

Documents were seized by the authorities last night in a store in this city, the officers having been led to the place by papers found on the person of a man named Savage, who was killed while running from the scene of the attempted assassination.

Absence of independent witnesses and the quickness of the attack caused a number of discrepancies in the account of the occurrence. It was at first said that Policeman Longhin, the guard at the Ashdown cross roads, had been killed, but it developed he was only wounded, a bullet passing through one of his feet. Detective Sergeant Halley, who was also wounded, is at the Vice Regal lodge. He was a bodyguard of Viscount French, succeeding Constable Hyde, who was recently killed by unknown parties.

Recent reports state the motor car in which the viscount rode was not struck by bullets, the attacking party centering its attention on the automobile immediately behind, which was empty.

This car was shattered by a bomb, which landed inside of the viscount's car. The Vice Regal lodge is under close guard of police, no one being allowed to enter. Large crowds from Dublin visited the scene of the attack yesterday afternoon.

Viscount French and Mrs. Saunders, his secretary, refuse to see newspapermen and officials generally are reticent. It is stated, however, that the lord lieutenant was probably least surprised of anyone by the attempt against his life. It is known that he has expected an attack, and he is quoted as saying recently he was "governing Ireland pistol in hand," but that he "was not going to evade danger."

It is recalled that the Sinn Fein newspaper Republic, edited by Debert Pigges, printed in one of its September issues: "Viscount French will not be much longer, but the nation will continue. His freedom will be won when French has passed from the scene."

It was generally reported that no arrests had been made up to noon to-day. Officials are absolutely reticent regarding the progress of the investigation. The public feeling is calm, and there have been no demonstrations.

MACPHERSON GOING TO DUBLIN.

Chief Secretary for Ireland Will Be Closely Guarded.

London, Dec. 20.—James Ian MacPherson, chief secretary for Ireland, has arranged to go to Dublin immediately, but will be closely guarded, even in England, says the Daily Mail. Mr. MacPherson is under constant guard of two detectives and when he reaches

FREE GOLD FOUND IN BELLVILLE, ONT.

Toronto, Ont., Dec. 20.—Free gold and platinum have been discovered in gravel deposits near Bellville in Huntington township, Hastings county, according to reports published here to-day. The discoveries are said to have been made on a farm of 100 acres, recently purchased by a contracting firm presumably for the sake of the immense gravel deposits. Several shafts have been sunk, and other farms nearby have been purchased.

There was a gold rush to Madoc, only a few miles away from Hastings county, 60 years ago.

Ireland's bodyguard will be increased to 12 men.

Dublin dispatches to the Mail say one of the hand which attacked Viscount French yesterday has been arrested, but all other reports state that no captures were made following the shooting. The Mail Dublin correspondent quotes the lord lieutenant as saying recently: "If they want me, they will find me doing my duty. I am not going to alter my routine for all the threats in Ireland."

A writer in the Mirror says he talked to Viscount French while the latter was in London recently in connection with negotiations relative to the home rule of Ireland. The viscount declared: "I fully expect to be fired upon, but fortunately they do not always hit what they aim at."

CALLED SENTENCE "SAVAGE."

And Threatened to Resign Because of Action in Sinn Fein Cases.

Dublin, Dec. 20.—When four Sinn Feiners charged with soliciting funds for the Irish Parliament were sentenced to various terms of imprisonment in criminal court at Burnfort, Donegal, yesterday, Magistrate Porter excitedly declared the sentences to be "savage," and said he would "find his magistrate's commission to the winds." Magistrate McLoughlin also protested and was removed from the court.

UNSEATED BERGER AGAIN ELECTED

Chosen for Congress in Fifth Congressional District of Wisconsin Over Bodenstab, Fusion Candidate.

Milwaukee, Dec. 20.—Victor L. Berger, Socialist, to-day was again representative-elect from the fifth congressional district, having defeated Henry H. Bodenstab, fusion candidate, by a majority of 4,806 in yesterday's special election.

Berger was denied a seat in the House of Representatives Nov. 10 last, after an investigation by that body had found during the war, following his conviction and sentence of 20 years in a federal penitentiary on the charge of violating the espionage act.

After the result of the election was known, Berger issued a statement in which he said: "I don't know whether the House will seat me, and I care little, if only the continued fight for my seat will furnish the occasion to awaken the common people of the United States, especially the working class, to a realization of the great danger before us and the immense duties that we must fulfill if modern civilization is to progress or even to survive."

Bodenstab said: "I am ready to continue in the fight to rid the community of these foreign agitators and bolshevik adherents and I call upon the good loyal people of Milwaukee to remain steadfast in their faith in their country and its institutions."

WILSON PRESENTS WILLIAMS AGAIN

Nomination to Be Comptroller of Currency Was Made in Senate To-day.

Washington, D. C., Dec. 20.—John Skelton Williams was again nominated to-day by President Wilson to be comptroller of the currency.

WORLD'S LAUNCHING RECORD.

Six Ships Sent Out on a Single Tide at Oakland.

Oakland, Dec. 20.—A world's record by the launching of six ships from one yard on a single tide, was the goal set by the Moore shipyard here to-day. Wires from Washington to the ways connected with devices which would release the vessels when buttons were pressed by prominent officials, gave the affair an air of something unusual in Pacific coast launchings.

Three of the ships are tankers of 10,000 tons each. The other three are cargo carriers of 9,400 tons each.

TALK OF THE TOWN

Francis Hector, the three-month-old son of Mr. and Mrs. Peter Johnson of the Miles block, died this forenoon of convulsions.

Roswell Fuller of Hopedale, Mass., is visiting through the holidays at the home of his grandfather, Edward G. Maker of Upland avenue.

In the Worthen hall this afternoon the Sons of Veterans' auxiliary held a dinner for the veterans of R. B. Cranford post and their sons. About 200 members and their families were served. Nine veterans were present. A meeting of the G. A. R. of the Barre post was held first thing after the banquet.

The much-talked-of skating rinks, which young folks of Barre are longing to see established in some place or places, that will be centrally located, may be designated at the next city council meeting, Tuesday evening. The apparent need of such places has several times come under observation of aldermen, but owing to the congestion of vital matters at the past two meetings the designation of the streets for skating rinks could not be discussed. From authoritative sources this morning, it was learned that the city councilmen would attend to it as soon as possible, and almost certainly at the next meeting.

BENNINGTON HAD \$75,000 FIRE

Williams Garage, Cottage Hotel and Two Wooden Buildings Destroyed

16 AUTOMOBILES IN GARAGE BURNED

All the Guests of the Hotel Escaped To-day Without Injury

Bennington, Dec. 20.—Damage estimated at upwards of \$75,000 was caused by a fire of unknown origin which broke out shortly after midnight in the Williams garage, completely destroying that building with all its contents, including 16 automobiles and then spreading, destroyed the Cottage hotel, a 50-room wooden structure and the Howard and Craven buildings, both of which are small wooden structures. The scene of the fire is in the heart of the village and a number of other buildings were menaced. All the guests of the Cottage hotel escaped without injury.

The absence of wind aided largely in preventing a wide spread of the flames. The total fire department, which was unable to obtain outside assistance, fought for four hours before the fire was controlled.

FIREMEN SAVED WOMEN

In House Fire at Keene, N. H., Last Night.

Keene, N. H., Dec. 20.—Prompt action by members of the fire department alone saved the house at 106 Forest street, owned by Mrs. S. J. Wilson, from total destruction by fire last night. As it is, damage to the amount of approximately \$25,000, with no insurance, was done by fire, smoke and water.

Four women were in the house when the fire was discovered. Two of them made their escape unaided; the other two were carried out in their night clothes by neighbors.

The fire caught from an oil stove, and had worked its way through the fire-rooms into the blind attic when firemen arrived in response to a still alarm.

\$1,000 FIRE IN BURLINGTON.

Defective Wiring Is Thought to Have Been the Cause.

Burlington, Dec. 20.—A building on Pearl street, which is occupied by the Kliffa club, the Pi Beta Phi college sorority and Miss Alice L. Rogers was damaged by fire to the extent of \$1,000 yesterday afternoon. The fire apparently started from defective wiring. E. S. Aldist owns the building.

WARE, MASS., CHURCH DAMAGED.

Loss at Trinity Episcopal Church Last Night Was \$20,000.

Ware, Mass., Dec. 20.—Damage estimated at \$20,000, including \$5,000 to the organ, was caused by fire in the Trinity Episcopal church last night. The cause of the fire is unknown.

MANSON DESTROYED.

The Anthony J. Drexel House Near Philadelphia Burned.

Philadelphia, Dec. 20.—The Anthony J. Drexel mansion at Drexel Hill, near here, was destroyed by fire to-day. The loss is estimated at between \$50,000 and \$75,000.

FIRE AT WORCESTER, MASS.

Three Business Blocks Belonging to Day Estate Damaged.

Worcester, Mass., Dec. 20.—Fire last night did \$100,000 damage to three business blocks on Main street owned by the Day estate.

WOODSTOCK WOMAN BURNED.

Mrs. Eugene Bourdon Was Trying to Light a Lamp.

Woodstock, Dec. 20.—While Mrs. Eugene Bourdon, aged 46 years, of South street was lighting a lamp early Thursday evening, it exploded and her dress instantly caught fire. She was alone in the room at the time. In a frantic effort to extinguish the flames, Mrs. Bourdon threw herself on the bed, but her struggles were futile and before help could reach her from members of another family, who resided in the house, her clothing was entirely consumed and her body was terribly burned.

She was at once given medical attendance, but her burns were so serious and the mental shock so great that her life could not be saved and she died about midnight.

Mrs. Bourdon is survived by a husband.

COL. J. G. ESTEY MARRIED.

Bride's Former Husband Once Worked in Estey Plant.

Stamford, Conn., Dec. 20.—The return of a marriage license to the town clerk's office yesterday revealed that Col. Jacob Gray Estey of Brattleboro, Vt., son of Gen. Julius J. Estey, founder of the Estey Organ company, was married here on Dec. 10 to Mrs. Margaret L. Brason of Brookline, Mass., by Justice of the Peace Robert Frum.

The bride was Miss Margaret L. Brason, the daughter of Edward Langdon of Brandon, Vt. While employed as waitress in Brattleboro, she married Harold Brason, a clerk in the office of the Estey company. She was recently divorced from Brason. She is 30 years old.

Col. Estey, who gave his age as 48, obtained the title in the Vermont state guard, having commanded the 1st Infantry. His first wife was Miss Mattie Rowland Poor of Peabody, Mass. They were divorced in 1918. Two of their sons were in the service during the war.

SPAULDING GIRLS WON

Defeated Whitcomb High School Girls at Bethel, 17 to 0.

The Spaulding girls' basketball five returned early to-day with the scalp of the Whitcomb high girls' team of Bethel having from their belts, having defeated them last night by the score of 17 to 0. This is the first game and the first trip which the local young ladies have made for the season, and there is every reason to believe that a successful season is ahead.

Although the Whitcomb girls put up a good brand of basketball, the Barre team showed superior team work, which in the end usually triumphs. To Miss Geals goes the credit for many of the points of the winners, her basket shooting being spectacular. The team as a whole displayed ability due in large measure to the coaching of Lorraine Denmore, a member of the boys' team. A return game in this city will be played at a later date. The game last night was played in the town hall and was divided into three periods. A large crowd added to the enthusiasm. The summary is as follows:

Spaulding High. Whitcomb High. Priscilla Miles, ft., lg. Florence Persons Mary Geals, ft., lg. Emma Haikera Albra Leslie, c., lg. Claire Ceresa Monica O'Hara, ft., lg. Betty Wilson Florence Sellberg, lg., ft. Nan Kelson F. Persons substituted for Nan Kelson and Elizabeth Goodale for F. Persons in the third period. Baskets from fouls—P. Miles 3. Referee—Beals. Scorekeeper—Lura Harvey. Timer—Bathelder. The Spaulding team was accompanied by Miss Eva G. Smith, chaplain, and Evelyn Shields, substitute.

REV. FRANK HOKIRK COMING TO BARRE

Herkimer, N. Y., Man Accepts Call to the Universalist Church—Will Arrive Soon.

Rev. Frank O. Hokirk of Herkimer, N. Y., who recently preached at the Universalist church as a candidate for pastor, has accepted a call to the Barre parish. It is expected that he will begin his pastorate with the new year.
